

FOLIO

THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

APRIL 12, 1973

More than 300 students and staff members crowded into the upstairs lobby of the Law Centre last week to honor ALEXANDER SMITH (at left, with his wife), Professor of Law, who is retiring after 30 years on staff. Dr. Smith was cited as "the man who furthered the building of the Faculty of Law over the past 30 years" and who "has imparted to his students a feeling of respect for the law." His association with this University began in 1936 when he enrolled in the five-year law program. He received his BA in 1940 and his LLB in 1941 and holds Master of Law and Doctor of Jurisprudence degrees from Stanford University. Speakers at the ceremony remarked often about Dr. Smith's excellent teaching ability, his sense of humor, and his personal humility. Dr. Smith responded with a twinkle in his eye and a catch in his voice, saying in part, "After hearing the speakers today, I have come to feel a deep, deep sense of loss. I wish I had known the man they were talking about."

PEOPLE

- A record \$603,768 has been awarded to Alberta scientists and students by the National Cancer Institute of Canada, part of nearly \$5 million being distributed throughout Canada in the form of research grants and fellowships.

- The largest single grant in the province, \$419,885, goes to the Institute's Cancer Research Unit at this University, where G. A. LE PAGE is Director. Funds will be distributed to support five separate projects including a program on chemotherapy research.

- Among the individual grants to scientists connected with this University, N. BRUCHOVSKY has been awarded \$22,063 to continue his studies on cancer control by means of the male hormone, testosterone, and B. M. LONGENECKER received \$20,600 for his research on the genetics of neurolymphomatosis (Marek's Disease).

- Other cancer scientists in the University who received grants included: P. R. BAND, P. M. CROCKFORD, F. W. TURNER, S. IGARASHI, J. W. LOWN, V. H. PAETKAU, M. J. ROBINS, R. G. VON TIGERSTROM, and S. E. ZALIK.

- T. A. MC PHERSON was awarded \$51,500 for further studies on CEA, working at the W. W. Cross Cancer Institute.

- C. F. BENTLEY, Professor of Soil Science, recently attended meetings of the Executive

Committee and of the Board of Governors of the International Development Research Centre held at Bogota and Cali, Colombia.

- ALLEN BERGER, Associate Professor of Elementary Education, spoke at the Eleventh Annual Meeting of the Conference on English Education in Baltimore. He also participated as a member in meetings of the Committee to Evaluate ERIC Documents and the Committee on the Preparation in Language Arts for Elementary teachers.

- KAROL KROTKI, Professor of Sociology, acted as consultant to the World Health Organization in Geneva on their program of handbook production for the measurement and analysis of health and life phenomena.

- At the Invitational Conference of Native Education Consultants held in Vancouver in March, T. AOKI, Professor of Secondary Education, presented a paper. The conference was sponsored by the Education Division of the Department of Indian Affairs and Northern Development.

- The Advisory Board of the Boreal Institute for Northern Studies has awarded a total of \$24,000 in grants-in-aid to the following: S. MILLIGAN and G. C. NICKS, Anthropology; K. E. DENFORD and M. HICKMAN, Botany; J. M. RAISBECK, Chemical Engineering, The University of Calgary; J. BELICEK and D. H.

KAVANAUGH, Entomology; L. D. CORDES (Calgary), D. GILL, R. JACOBSON, J. M. LORE, and D. OUTHET, Geography; N. L. BROWN, P. A. NIELSEN, and E. G. PRATT, Geology; R. G. GLASSFORD and H. A. SCOTT, Physical Education; D. F. PENNER, Plant Science; L. ROBERTS, Sociology; and H. BOERGER, D. G. CHRISTIANSEN, R. H. DONAGHEY, D. N. GALLUP, and H. SAMOIL, Zoology.

- D. RANKIN, Associate Professor of Physics, recently attended the Symposium on Inversion of Geophysical Data held at the University of Utah. He presented a paper in collaboration with C. MOZESON.

- Four members of the English Language Service have had papers accepted for publication during the past year. The staff and the publications in which their articles have appeared are: RUTH A. PEARCE, Assistant Professor, *English Language Teaching*; SANDRA D. PEARCE, Sessional Lecturer, *T.E.S.L. Talk*; ETHEL W. PEACOCK, Sessional Lecturer, *East African Journal of Education*; and JAMES W. FOX, Sessional Lecturer, *T.E.S.L. Talk* and *English Teaching Forum*.

- MASAO NAKAMURA, Assistant Professor of Business Administration and Commerce, has recently had an article accepted for publication by the *Journal of Applied Probability*.

NOTICES

ELECTRICAL ENERGY SAVINGS

The following notice has been received from R. E. PHILLIPS, Director of Physical Plant.

The electrical energy bill for the University in the 1973-74 budget year will likely reach \$1,210,000.

Your personal assistance, and assistance in securing the co-operation of those working with you, in reducing this cost is requested for two most important reasons which are vital to all of us. As part of our job responsibilities we should make every effort possible to keep the operating costs of the University at as low a level as possible. Unnecessary burning of electric lights and operation of fans means an unnecessary waste of our vital natural resources. These days we are being made thoroughly aware that there *is* an end to the supply of our natural gas which is currently used to produce electrical energy.

In order to implement this conservation would you please see that the lights in any classrooms, offices, or other meeting areas are turned off when the area is to be vacated for *20 minutes or longer*. During weekends and other times of low use, areas where light is not required for safety or security reasons should be in darkness.

Your co-operation in this endeavour to reduce costs and conserve our natural resources is requested. Any suggestions you may have to pass back to me to secure wider implementation of this policy would be appreciated.

NOMINATIONS SOUGHT FOR MEMBERS OF NEW GFC COMMITTEES

The Nominating Committee would welcome suggestions for nominations for the three members to be elected by General Faculties Council to serve on the *GFC Campus Law Review Committee*, which was established by General Faculties Council at its meeting on March 19, 1973 to review the rules and regulations of the University, to review procedures by which persons charged with violations of the rules and regulations are tried, and to review the penalties and fines applicable.

Suggested nominations are also being sought for members for the *GFC Committee on Pollution*. This committee was established by General Faculties Council at its meeting on March 26, 1973 to make preliminary investigations of complaints received from members of the University community and others regarding any form of pollution generated on campus.

The Nominating Committee will be pleased to hear from staff members and students who have suggestions for nominations or who would be interested in serving on these committees. Interested persons should contact the Secretary of the Nominating Committee, MISS PAT HOWLETT, 2-1 University Hall, (telephone 432-4965).

CANSIM DOCUMENTS

In response to enquiries from faculty directed to Statistics Canada in Ottawa, the Library would inform interested staff that the Documents Room, Rutherford Library, is in receipt of Canadian Socio-Economic Information Management System (CANSIM) documents.

AQUATIC TRAINING PROGRAM

The University will be offering a training program for high school and University students who will not be working for the summer. The candidates will receive training in swimming pool operation and administration, swimming instruction, and lifeguarding in preparation for full- or part-time employment in aquatics.

The program will run part-time in May and June, and full-time (5 days a week) in July and August. Candidates will gain experience and obtain qualifications necessary for aquatic employment. The minimum age is 14 years and the entry deadline is April 15. Applications are available in room 116 Physical Education and Recreation Centre or from RON KIRSTEIN, West Pool (telephone 432-3570).

PLANT SCIENCE FIELD DAY

The Department of Plant Science's Field Day will be held Wednesday, July 25 at Parkland University Farm, 72 Avenue and 114 Street.

There will be slide-illustrated presentations in the morning, covering work done in the different divisions of the department. After a picnic-type lunch, conducted tours will be given of the different plots at Parkland Farm (fruit trees, ornamentals, vegetable crops, field crops) and at Ellerslie Farm (weed control).

UNIVERSITY KINDERGARTEN

A program for pre-school children aged three to five years will be held from July 3 to August 10. There will be both a morning and afternoon class. Further information may be obtained from SHARON ROBERTSON, telephone 435-1117.

EXTENSION COURSES

The Department of Extension will offer a one-day seminar in Retail Location: Consumer Shopping Behaviour, of interest to retail store developers, owners/operators, real estate commercial developers, and government planners, on Friday, April 13. The basic operative of this seminar is to make participants more aware of the factors which influence the location of commercial retail outlets. M. JAMES DUNN, Associate Professor of Business Administration and Commerce, will be the instructor. Registration fee, \$25.

On April 17, a four-session course on Syndication of Real Estate Investments begins with instructors from various areas of real estate and business. The object here is to make participants—real estate salesmen, property developers, property owners, mortgage company personnel, and investors—aware of syndication techniques and practices. Registration fee, \$25.

A short course in Basic Business Math, will be held April 16 through June 4.

ROY SINCLAIR, Assistant Professor of Mathematics, will discuss the application of mathematics to practical business problems such as simple interest, installment payments, amortization payments, mortgages, annuities, sinking funds, depreciation and present values, and evaluation of stocks and bonds.

The text will be *Mathematics of Finance* by Simpson, Pirenian, Crenshaw, and Riner. The class will meet on eight consecutive Mondays from 7 to 10 p.m. Registration fee, \$60.

A two-day seminar on Noise and the Environment will be held April 24 and 25. The seminar will provide an understanding of the basic terminology and criteria used in noise studies.

The seminar will be non-mathematical. Technical materials will be illustrated in demonstrations and laboratory sessions. Among the topics to be examined will be basic acoustics, sound spectra, subjective acoustics, indoor noise, outdoor noise, and
